

EGYPT

In 2011; the General Organization for Export and Import Control (GOIEC) has mandated a verification of conformity (VOC) program for Egypt. This program was based on issuing a “Certificate of Conformity” for the goods entering Egypt. The program started with a small regulation list including Textile and leather only. Later, effectively of 16 March 2016; the regulation list spread to contain much more products, following the Ministerial decrees No. 991 & 992/2015 and decree No. 43\2016 of Ministry of Trade and Industry.

In the last said decree; it have become mandatory to register the exporters/ manufacturers with GOEIC in order to be able to export to Egypt.

Details of the above mentioned Decrees can be found in the website of GOEIC under the below links,
